SUMMARY OF THE REASONS FOR DECISION:

The untitled photographic negative also known as *Item 7 Strip of three negatives* has been classified as unrestricted.

The strip of photographic negative contains three separate images of a beachscape. The three images depict the same beachscape from different distances. In one three tiny figures are visible in the sea. In the other two images further figures are visible on the beach as well as in the sea. The natural landscape dominates each image.

The publication does not raise any matters of consideration under ss3(1), 3(2), and 3(3) of the Films, Videos, and Publications Classification Act 1993. As a consequence the publication is classified as unrestricted.
